Factory Profile

Worker's Welfare

Besides paying a “living wage” which is substantially higher than the legal minimum, we support its employees by setting up welfare facilities like medical center, day-care center & canteen.

The result is industry –low turnover rate in its workforce. Properly equipped with a team of full-time doctor & nurse, its medical unit expands consultation & medication to worker's general health care requirements. It also bears full expenses of treatment of any injuries incurred in working hours.

In base day care center is not mere compliance with legal requirement rather a pride-taking facility to take care & entertain children of working mothers. Specious highly hygienic properly furnished & supervised by trained personnel these day care center comfort working mother by ensuring quality time for their children.

Moreover, adequate & facilitated arrangement of canteen, safe drinking waters & hygienic lavatories make a good place to work.

To assist workers financially in their emergency we have created a fund which extends interest-free loan.

Transportation is more essential to perform on time duty every day in this regard we are arranged two or three free bus service every working day in two term come factory & back to home. Free transportation service will be continue & if require we arrange or hire more bus service.

We have contract with **Care General Hospital** to serve our employees 24 hours service & medical treatment including transportation facilities.

Our Products

We are specialized on **Polo Shirt, Sweat Shirt, T-Shirt, Ladies Top, all kinds of Kids Items, Jackets, Trouser, Boxer, Night Zip, Leggings, Tank Top** & all others knitted Garments. Ours product range covers basic & polo shirt, sweat shirt, as well as men's kids & ladies knitwear garments.

Following the dictate of the fashion trend we have improvised its technologies broadened its raw-materials sources & trained its workforce.

The result is superior garments, which offer consumers variety in terms of materials, forms, style & ultimately the superior experience. As an instance we produced knitwear using fabrics like Viscose, Viscose Lycra, Suplex, Coolmax, 100% polyester & cotton Lycra , Core Spun Fabrics those are some of the name we have been serving every possible knitwear requirements of some the world's top retailers over a decade, that's why we have the experience to work with wide scope in materials & accessories in knit wear

Factory Profile

Quality Assurance

At **Kazi Attires Limited** All processes and procedures are permanently monitored to guarantee quality of garments. The quality control starts from the purchase of yarn. Before bulk production starts, the yarn is first tested in laboratory and then on sample fabrics production.

We try to monitor all knitting with our expert knitting quality, so that we can control the loop length, defaults and avoid yarn lot mixing. All Geiger rolls are being inspected before storing them in our warehouse.

During the dyeing process, all dyed batches of fabrics are tested for color variation, GSM, Color fastness, Light fastness, Perspiration and Rubbing fastness in our own lab.

During the garments production, quality is being checked from the cutting of fabrics to the packing of garments. Quality inspectors are checking the cutting patterns and the bundles of cut pieces. All sewing production is constantly being monitored in line, and we have a 100% checking system at end of each line. In the packing department we have inspector to the random checking of quality.

Furthermore to the regular quality control execution in every section, we have a separate audit team, who is checking permanently whether all the procedures are being followed accurately or not.

Code of Conduct

For the safety and social commitment to the worker, we employed 2 persons to ensure that the working conditions at our premises are according to human right, local laws, ILO conventions and our personal social engagements.

Kazi Attires Limited believes that the best person for the job should get the job and that a person gets paid based on his performance, without any kind of discrimination. No persons under the age of 16 are employed at the premises and our in-house doctor is examining all workers regularly. Every floor has one two exits and all exits are kept open during the working hours. Adequate fire-fighting equipment are placed through the entire floor and a fire fighting team is trained for a permanent basis to face the

Factory Profile

emergency. On every floor first aid is available. Enough drinking water facility is available for all workers in each floor and the water is being tested on a regular basis. All workers have the right to form their own welfare organization. And they have the right to meet the top managements for their right.
